Cleans and sanitizes your everyday items

with **UV + ACTIVATED OXYGEN**

Take the hassle out of cleaning your CPAP masks and tubing. After the initial setup, simply insert the item you wish to clean and close the lid. **OxyGo CPAP Sanitizer +** will do the rest!

Not only does the **OxyGo CPAP Sanitizer +** clean your masks and tubing, but it can also sanitize everyday items, making it simple to help protect your family from harmful germs.

Keep Going with peace of mind that your equipment is sanitized and backed by OxyGo's two-year warranty.

No disassembly | No water | No harmful chemicals
